

Case Journal TAOMFR – Review Sheet

Manuscript ID: Cases Journal TAOMFR-2011-02 entitled " Central Hemangioma of the Mandibular Condyle – A Case Report " written by 黃逸岳及陳靜怡.

Comments to the Author

As we know from literatures, central hemangioma of the mandibular condyle is extremely uncommon. The authors for this article present an additional interesting case which would be valuable to the readers or members of our society.
